If proper repair is not completed within the permit period, the Highway District will make the repair and any additional costs over and above the assurance of performance fee will be invoiced to the applicant in accordance with the Highway District policy.
2. Approaches shall be for the bona fide purpose of securing access and not for the purpose of parking, conducting business or servicing vehicles on the highway right-of-way.
3. No revisions or additions shall be made to an approach or its appurtenances on the right-of-way without the written permission of the highway district.
4. The permittee shall furnish all material, labor and equipment involved in the construction of the approach and its appurtenances. This shall include furnishing drainage pipe of a size specified on permit (12 inch minimum), curb and gutter, concrete sidewalk, etc. where required. Materials and workmanship shall be good quality and are subject to inspection by the highway district.
5. The highway district reserves the right to make at any time, such changes, additions, repairs and relocations to any approach or its appurtenances within the highway right-of-way as may be necessary to permit the relocation, reconstruction, widening and maintenance of the highway and/or to provide proper protection to life and property on or adjacent to the highway.

Adequate drawings or sketches shall be included showing the design, construction requirements and proposed location of the approach. All approaches shall be in accordance with the standard provisions and drawings set forth in the highway standards and development procedures for the Association of Canyon County Highway Districts.

11. On completion of said work herein contemplated, all rubbish and debris shall be immediately removed and the roadway and roadside shall be left neat and presentable and to the satisfaction of the highway district.
12. The permittee shall maintain at his or their sole expense the structure or object for which this permit is granted in a condition satisfactory to the highway district.
13. Neither the acceptance of this permit nor anything herein contained shall be construed as a waiver by the permittee of any rights given it by the constitution or laws of the State of Idaho or of the United States of America.
14. No work shall be started until an authorized representative of the highway district has given notice to the permittee to proceed.
15. This permit shall be void unless the work herein contemplated shall have been completed before permit completion date.
